Washington—E. L. Doherty, California oil operator, testified Thursday before the senate Teapot Dome committee that he had loaned \$100,000 to former Interior Secretary Albert B. Fall on Nov. 30, 1921.

Washington—The resolution of Senator Caraway, Democrat, Arkansas, calling for cancellation of the lease of the Teapot Dome naval oil reserve to Harry F. Sinclair, provided further fuel for debate Thursday while the committee investigating similar transactions was prepared at a meeting in the afternoon to question Edward L. Doherty, lessee of naval oil lands in California.

Dr. Doherty arrived Thursday morning from New Orleans, and he is expected to be followed shortly from the south coast by Secretary Fall, who headed the Interior department when the leases were negotiated. Mr. Fall has been subpoenaed for questioning Friday with reference, according to Republican members of the committee, to the \$100,000 fund he has said he took with him when he left Washington after resigning from the cabinet to use in enlarging his ranch holdings in New Mexico.

Attorney General Daugherty was Thursday summoned to the White House for a conference with President Coolidge, but there was nothing to indicate whether any change had taken place in the administration policy of merely "observing" the Teapot Dome investigation in its present phases. It was declared by department of justice officials that the president wanted to talk over various things with Mr. Daugherty, who expects to leave within a day or two for an inspection of the Teapot Dome.

WILL AWAIT CABLE
Paris—Harry F. Sinclair, the American oil producer, arrived in Paris Wednesday evening from Havre by automobile, having landed at Havre from the steamer Paris from New York.

Mr. Sinclair told the Associated Press that he had not changed the plans for his European trip. He had not, he asserted, received a cable message from his attorney in New York asking him to return and said he would await its receipt before deciding whether he would alter his plans.

TRI-STATE FARM CONGRESS OPENS

By Associated Press
Duluth, Minn.—Prominent educators and men interested in agricultural development in Minnesota, Wisconsin and Michigan attended the opening here Thursday of the two day session of the tri-state farm congress. Taxation was the principal subject discussed at the initial session which was presided over by N. J. Holmberg, Minnesota commissioner of agriculture. The general subject of forestry also was taken up.

At the concluding session Friday, the congress will deal with transportation problems.

Speakers who Thursday discussed taxation included Herman Lundin, Lewistown, Mich.; John C. Watson, of the Illinois Agricultural association, and E. G. Quamme, president of the Federal Land bank of St. Paul.

WIFE NO. 2 SUES VET FOR DIVORCE

Chicago—Adolph Guinness, a ward of the Veterans bureau, who was arrested Wednesday in Wisconsin, is wanted here on a warrant sworn out by his second wife, Mrs. Anna Furpass Guinness, who is an employee of the Veterans bureau and who charges bigamy.

Mrs. Furpass-Guinness complained at the South Clark street branch of the municipal court Thursday afternoon that when Guinness married her on July 20, 1923, at Maywood, a suburb, he already had a wife, Ella Guinness, to whom he was married January 12, 1920 and from whom he had not been divorced.

WAR FINANCE OPENS AGENCY FOR DAKOTA
Sioux Falls, S. D.—An agency of the War Finance corporation began operations in Sioux Falls Thursday as part of the plan of national officials to alleviate the financial straits resulting from the recent closing of a number of banks in South Dakota.

Finn Editor Was Friend Of Red Chief

By Associated Press
Superior—Emel Hainraas former editorial writer on the Tyomies, Finnish daily newspaper here, was an intimate friend of Nikolai Lenin, late premier of Soviet Russia who died at Moscow Monday.

Hainraas was connected with the Tyomies here for five years up to two years ago, when he left to attend Columbia university in order to acquire greater fluency in English.

While in Superior, Hainraas gave several lectures, among them one at Superior normal school in which he told of his acquaintance with Lenin. He met him, he said, first at a Socialist convention in Helsingfors, Finland, long before the World war.

At that time he roomed for two weeks with the man who was destined to become Russia's dictator, and became intimately acquainted with him and his theories. He described Lenin as a mild mannered man at that time.

Later Hainraas was forced to flee from Finland and Russia because of his political convictions. He was assisted by his flight through Russia by Lenin and by friends of Lenin, he stated, and came to this country.

NEW PREMIER OF BRITAIN WOULD GIVE RUSS HAND

Prime Minister MacDonald Favors Germany And Soviets In League

By Associated Press
London—Prime Minister MacDonald's recent denunciation of the "observing" policy of withholding full recognition of Soviet Russia has prepared everybody for early action and it is stated unofficially that James O'Grady, M. P., is already being considered for the position of British ambassador to Moscow. Mr. O'Grady, who holds one of the leading seats in the house of commons, has made a study of Russian affairs. He visited Moscow officially in 1917 and again in 1922 in connection with the trade union famine relief movement.

The new prime minister's interest in the league of nations is well known and according to the Daily Telegraph, he contemplates an expansion of the league section of the foreign office in order to use it to the utmost as an instrument of general pacification. For this reason, according to the newspaper, Mr. MacDonald means to devote every effort toward the early inclusion of Germany and Russia in the league.

The appointment of Miss Margaret Bondfield to the secretaryship of the ministry of Labor, thus making her the first woman to have a place in the British government, is very favorably received. There is some surprise that Miss Bondfield did not get a position of cabinet rank but it is said that she herself did not wish this distinction.

SAYS FAIRS SHOULD HELP IN EDUCATION

Oshkosh—County, district and state fairs should be so managed that the 66 per cent of the total American population who do not advance as far as the high school will be able to derive as much knowledge as possible from the fairs. This was the message given at a meeting here Wednesday by the county board of education, which was held in the high school building.

Federals Mobilize To Cut Huerta's Lines

By Associated Press
El Paso, Tex.—President Alvaro Obregon was forced to return to Aguas Calientes Wednesday when he attempted a trip to Celaya, and now is gathering his forces in an attempt to cut through rebel troops holding the important railway junction, advances received in Juarez Thursday state.

President Obregon, advances state, attempted to return to Celaya Wednesday in order that he would not only be in touch with the western sector but the federal army in the east as well. The presidential special hurriedly returned to Aguas Calientes when it was learned that Estigarribia's cavalry had cut the railway at Celaya and troops now are being concentrated at Aguas Calientes in the hope of cutting through.

OBREGON HAS ADVANTAGE
Mexico City—The Obregon administration at the beginning of the eighth week of revolutionary hostilities finds itself in an "exceedingly advantageous position" with bright prospects that the "backbone of the revolution will shortly be broken," according to an official statement issued by the war department Thursday.

A summary of the military situation after seven weeks of operations against the rebels, war department officials point out, takes into account only federal operations afoot without attempting to predict what decisive effects proposed naval activities will have. These naval operations are expected to curtail the finishing touches to the land campaigns against Vera Cruz rebel stronghold.

"Even should federal armies suffer reverses in the coming offensive, war department officials are confident the fate of the revolution is sealed; since they say the naval blockade would be virtually certain to cut off rebel supplies of arms and munitions and "hush whacking" tactics, which would be the necessary result, could be easily quelled.

OVER HALF MILLION IN SERVICE OF UNCLE SAM

The army of Uncle Sam's employees, of which Appleton postal workers are a part, now numbers 548,546. This is an increase of nearly 400 per cent since 1882. At that time there were 125,000 persons employed in the executive civil service. The greatest number of employees at any one time was 917,760, which was on Nov. 11, 1918, the date of the armistice. In the 41 years of its life the United States civil service commission has given competitive examinations to 4,713,305 applicants, 1,412,007 of whom have been appointed. The commission gives examinations for more than 1,000 different kinds of occupations, ranging from ordinary unskilled labor to the highest grades of technical, scientific and administrative positions.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Former Appleton Woman Hopes To Share In Big Fortune Left By Cousin

Mrs. Lena Leggold, Who Lived Here 20 Years Ago, May Get Share Of \$55,000,000 Estate

The magazine section of a Milwaukee paper last Sunday contained an illustrated story concerning a former Appleton woman who hopes to share in the \$55,000,000 fortune of her cousin, Bernard Surinamer, who ruled for a time as king of Surinam, which later became known as Dutch Guiana. Her name is Mrs. Lena Leggold and she and her husband and ten children are remembered by many of the older residents of the city. The family lived in a small frame building where Hopfensperger Brothers meat market on West College-ave now stands, and where the husband conducted a shoe repair shop for several years.

Nearly 20 years ago the family moved to Milwaukee and occupied an unpicturesque building on Fourth-st. The only member of the family to visit Appleton in 20 years was a son who sang at the Congregational church about three years ago.

SOUGHT ADVENTURE
The cousin was a young Russian Jew who left his native city, Riga, about 1840 to seek adventure. He thought like adventures before, he was to find gold. Instead he found a colored princess whose home was in the interior of Dutch Guiana.

"Although she came to America with her husband 32 years ago, Mrs. Leggold has never forgotten the Russian cousin of her mother who sailed to Dutch Guiana and never returned," the story in the Milwaukee papers say.

"When the news reached her recently that the \$55,000,000 estate of one Bernard Surinamer might be divided among his living relatives in America the whole picture came back with the vividness of a photograph plate.

"Bernard Surinamer" Her dark eyes flashed as she heard the familiar name. "He was my mother's cousin but he is dead these 40 years. He left a fortune? Ah, yes, we remember he became rich."

HAD HELPED THEM
"Throughout our childhood when the crops failed and the cattle grew lean for want of feed, we children watched the postal station for the letter from Dutch Guiana that came four times a year to bring us money for food and warmth," she said.

"We never saw him again for he never left Dutch Guiana. There was a colored princess there, who when she saw Cousin Bernard wanted him. So she said to him, just like in adventure stories, marry me or lose your head."

"So he married the black princess but the story does not say that they lived happily ever after. In fact, Mrs. Leggold suggests that they must have lived anything but happily for she

Y. M. C. A. OFFERS BUILDING COURSE

Members And Wives Invited To Join Class To Learn Home Building.

Believing many people are interested in building a good home or in improving the property they already own, the Y. M. C. A. is offering a course in home building to Y. M. C. A. members and wives of members.

The subjects to be considered are selection of site, how to solve the home financing problem, purchasing a home or home site, good architectural planning, economical home planning, cost estimating, securing bids, letting contracts, selecting building planning the plumbing, lighting, the home, decorating and painting, planning and planting the home grounds.

Arrangements will be made to hold classes weekly at which the best available specialists, preferably local men, will talk on topics assigned. The presentation will be followed by an informal discussion.

This course is free to members and their wives who will agree to attend the meetings. The organization meeting will be held at 7:30 Tuesday evening, Jan. 23, when a complete explanation of the course will be given.

EPISCOPALIANS GIVE MILLIONS TO CHURCH

By Associated Press
Chicago—Members of the Episcopal church during 1923 contributed \$100, \$18,730 for their own religious purposes, together with additional millions for benevolence, Dr. R. J. Wade, corresponding secretary of the council of the board of benevolence of the church reported at the annual council meeting Wednesday. Seventeen bishops and nearly 200 ministers and lay leaders of the denomination were in attendance.

John Conway was in Milwaukee Tuesday on business. H. B. Kraft of Milwaukee is in Appleton on business.

If You Were to Make these Cookies

FIRST you would have to bake a batch of crisp, delicately flavored vanilla wafers. Next you would have to prepare a fluffy marshmallow creme and put a thick round peak of it on top of each cookie; and finally you would have to melt some chocolate, using true chocolate (not cocoa) and dip each cookie in it—and then set aside to cool.

But think how much easier and nicer it is to have them made for you! All you have to do is to phone your grocer to send over some "Johnston's Angel Food" cookies.

Johnston's Famous Cookies

THE most inspired musical composition, perfectly rendered by the most gifted artist, and recorded with the utmost fidelity, represents only a waste of talent, skill and effort unless properly reproduced. For more than twenty years the Victor Company has devoted the most splendid facilities ever assembled to the one purpose of making such records and instruments to really reproduce them and reveal their full beauty. To know the truth of this statement, ask your dealer to play some of these new records on one of these instruments.

{Colleen o' Mine (O'Shea-Strickland) Edward Johnson}		978	\$1.50
{Tho' Shadows Fall (Berna-MacDermott) Edward Johnson}			
"Colleen o' Mine," of course, is in Irish style. "Tho' Shadows Fall" is awed in popular manner. Both are sung in a voice of rare beauty.			
{Waltz in A Flat (Tchaikowsky) Sergei Rachmaninoff}		972	1.50
{Waltz in B Minor (Chopin) Sergei Rachmaninoff}			
Waltzes from master-composers, played with consummate mastery of the piano.			

Light Vocal Selections

{The Far Green Hills of Home Lambert Murphy}	45375	1.00
{The Rainbow Trail Lambert Murphy}		
Songs of home and place-sentiment. Lambert Murphy has never done anything finer. The orchestra floats them on soft, velvety harmonies.		
{Blue Island Blues Wendell Hall with The Virginians}	19226	.75
{Blue Bird Blues Wendell Hall with The Virginians}		
Wendell Hall, of Chicago, presents two remarkable numbers with the jazz orchestra. "Blue Bird Blues" has a weird, mysterious accompaniment.		
{Stay Home, Little Girl, Stay Home Henry Burr}	19230	.75
{If She Was What She Was When She Was Sixteen Henry Burr}		
Two girls' tragedies sung with the understanding which has made Henry Burr so famous.		

Melodious Instrumental

{Festival Overture—Part 1 Rudolph Ganz and St. Louis Symphony Orch.}	55202	1.50
{Festival Overture—Part 2 Rudolph Ganz and St. Louis Symphony Orch.}		
First record by the St. Louis Symphony Orchestra, under Rudolph Ganz. Handled with superb musicianship and played with skill and spirit.		
{The Boy and the Birds Arthur Pryor's Band}	19192	.75
{The Lion Chase Arthur Pryor's Band}		
Descriptive band "specialties," fantastic tales, in music, for the kiddies. The boy whistles, and many birds warble, the lion roars.		

Dance Records

{I'm Goin' South—Fox Trot Paul Whiteman and His Orchestra}	19229	.75
{Steppin' Out—Fox Trot Paul Whiteman and His Orchestra}		
"I'm Goin' South" is jolly, with railroad effects, and so on. "Steppin' Out" is unusual in that no bowed strings are used.		
{Toodle-oo—Medley Fox Trot The Manhattan Merry-makers}	19220	.75
{Why Should I Weep About One Sweetie—Fox Trot Brooke Johns and His Orchestra}		
A foolish, good-natured fox trot like "Toodle-oo," (from Mary Jane McKane) will put you in good humor. And "Why Should I Weep," with Brooke singing, will keep you there.		
{Mississippi Ripples—Waltz International Novelty Orch.}	19225	.75
{Roll Along, Missouri—Medley Waltz Green-Arden Orch.}		
Two waltzes in popular style, scored and played in inspiring fashion. "Roll Along, Missouri" introduces "Bella Donna."

THE LABOR GOVERNMENT IN ENGLAND

There is much that is agreeable in the advent of Labor to the direction of government in Great Britain. It has brought a great shock to the British bourgeois, and it is good for them. It would be better for England if they had been shocked in similar fashion by liberalism more often. It took them a generation to learn what they should have accepted from the splendid leadership of Gladstone in a few years. Every government which resists progress too stubbornly has to be shocked into advancement. It has been characteristic of England to be shocked into as well as at reform.

The new Labor government is not radicalism. It is an advanced liberal government. Although Labor has 190 seats in the house of commons, and is the second party in strength, there is not a communist in its representation. Nine communists were nominated by radical districts for parliament at the last election and not one of them was elected. It has been aptly said that while Labor is in office, the Liberals are in power. There are two reasons for this statement. One is that Ramsey MacDonald, the new prime minister, is a level-headed and conservative socialist. The other is that the Labor ministry can do nothing without the votes of the Liberals.

The make-up of Mr. MacDonald's ministry is significant. It contains several members of the nobility, and at least one Tory peer, Viscount Chelmsford, as first lord of the admiralty. Lord Haldane is made lord chancellor, one of the most important posts in the ministry. One of the ablest men in England, he will be a close adviser of the prime minister, and his political experience will be of great value to his chief.

Mr. MacDonald has chosen his ministry with much care and good judgment. It ought for the time being to command the confidence of the liberal element of England, which is in a clear majority. The selections indicate, we think, that radicalism will receive small consideration. Even Philip Snowden, who is to be chancellor of the exchequer, has indicated in his public utterances that he does not insist upon the capital levy. Labor may abolish taxation of breakfast commodities and taxation on lower incomes, and may tax wealth more heavily, but it will not wreck the industrial and commercial structure. It may vote larger unemployment pensions, but it will not adopt a policy that will increase unemployment. We doubt if it will undertake to engage in state socialization plans.

In foreign policy the Labor government stands for immediate recognition of Russia, but this is not to be taken to mean sympathy with the soviet government. This proposal is supported by both Asquith and Lloyd George, as well as many Conservatives. MacDonald and his associates are opposed to Poincare's policy. They are for peace in Europe and a peaceful understanding all around. We would not be surprised if they will compel a better audience in France than did their wavering and uncertain predecessors. They will at least be a powerful appeal to the liberal element in France to assert itself, and there are some who predict that there will be great surprises in the spring elections in France, with a possibility of a return of Briand to power.

We do not mean to imply that Mr.

MacDonald will sacrifice principle for expediency, but we do think he will use common sense and will not permit his government to go to extremes that would immediately forfeit Liberal support, and put him out of power or force another election. The Liberals are disposed to cooperate with him, and it is only by inviting this cooperation that he can hope to command the confidence of the country. All in all, we think the so-called Labor ministry is a healthy experiment for England.

THE CASE OF MR. FALL

Former Secretary of the Interior Albert B. Fall is getting into a tight corner. The circumstantial evidence adduced by the senate investigating committee makes the Teapot Dome and other naval oil reserve leases to the Sinclair interests which he approved, look suspicious, to say the least.

No one will question for a moment the absolute truthfulness of Archie Roosevelt's testimony. The Roosevelt reputation is a guarantee of this in the public mind. His testimony is damaging in its inferences. He is corroborated by the private secretary of Harry F. Sinclair, who is mysteriously sojourning in Europe after a hurried, and, according to Archie Roosevelt, a secret departure. Colonel Zevlev, attorney and close personal friend of Mr. Sinclair, who took an active part in the negotiations for the Teapot Dome lease, was by strange coincidence in New Orleans with Mr. Fall at the time the Roosevelt explosion came. These two gentlemen are now on their way to Washington to be heard by the committee. Perhaps when they arrive they will be able to clear up the mystery surrounding the source of the \$100,000 with which it is said Mr. Fall improved his ranch in the southwest.

The heated denials of Mr. Sinclair and another of his attorneys, and their attempts to discredit Archie Roosevelt's testimony, are not satisfying. Such protests are too common where there is crookedness. There is no evidence as yet to convict Mr. Fall of having accepted a bribe, but there is enough evidence, we think, to justify congress in cancelling the naval oil reserve leases with the Sinclair interests. Certainly there is enough evidence to demand that the investigation go to the bottom of these transactions and spare no one.

Mr. Fall, both as United States senator and as secretary of the interior, leaned to the policy of exploitation of government natural resources by private interest. He was for armed intervention in Mexico in support of these interests. That much of his record is against him. When it comes to culpability, he is entitled to a fair hearing and to the suspension of public judgment. This is a matter that can well be left to the senate inquiry and to the watchfulness of the department of justice.

LENINE

Nikolai Lenine is dead, and with him the fiasco in communistic government that plunged Russia into an orgy of carnage and misery beside which the French revolution was a child's affair. After the slaughter of intellectuals, merchants and capitalists was over, and the revolt of the peasant farmers against confiscation had produced one of the worst famines in history, he had to return to capitalism both in commerce and in agriculture. We do not know whether Russia, all those Russians who speak in whispers about his death and who shed tears at its announcement, idolize him for his rashness or for his recovery from rashness. Perhaps they do not know themselves. They are not expected to do much thinking under a despotism.

Both Lenine and Trotsky, more pink-hued than his compatriot, had been off the scene of action in Russia for some time. Mr. Trotsky is secretly encamped somewhere for doubtful recuperation from a malignant disease. He has no longer any authority. The real actors on the stage are Stalin, Zinoviev and Kamenof. They are red-hot communists, but in the face of stern realities they, too, are likely to be "practical men."

It is said in dispatches from Moscow that Lenine's death has united his successors in the purpose to carry on his work. We suppose that is so, but his successors will carry on according to their lights and temper and according to what they have to face in the future. The red army may believe that the Russian problem is solved, but the leaders know better. While the government is apparently stable, anything can happen in a country so governed. Lenine's doctrines, teachings and work will all fly to the winds in case of grave emergency, or in case human nature rebels at arbitrary control.

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician And Author
Dr. Brady will present all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

NO CHANGE

I wonder why it is that so many people get mad when a doctor tells the truth even in print? I receive an average of a dozen letters a month taking me severely to task for my inordinate teachings that there is no such disease as "catarrh," no such condition as "nervous breakdown," no such calamity as "taking cold" from exposure, and no such state as "change of life." Most of these indignant folk who question my teaching have been advised that they have some such apocryphal condition, and perhaps are "trying" some remedy or treatment which purports to be good for it. How ridiculous, therefore, that I should blatantly assert that there is no such thing.

It all comes down to a lack of knowledge and a superabundance of information, of knowing so many things "which ain't so." All sorts of functional and organic derangements or diseases are cloaked with these meaningless names. When I assert boldly or badly that there is no such disease as cold or life I do not mean to imply that I am prepared to tell all who think they have it just what is really the matter with them. I can only tell them that they are simply losing their eyes to the truth when they try to jolly along with the notion that any such conception as that accounts for any impairment of health. I repeat that a great many diseases, some grave, some minor in importance, may masquerade under the soothing title of "change of life." The harm in this kind of deception lies in the procrastination it leads to. So many tragic events develop from the postponement of a medical examination by the women who listen to the dangerous assurances of her friends that it is all "just the change."

I cannot affirm too seriously that a woman is no more subject to a disturbance of her health at the age of 45 or 50 years than a man is at that age. And now to quibble just a speck, even the famous hot flashes which some women complain of are not experienced by the majority of women; I have a theory that they are attributable chiefly to overeating and the neglect of wholesome exercise. Middle aged men who are guilty of these sins not rarely complain of the same kind of discomfort. At any rate I commend to such sufferers the consideration of a healthy reduction regimen if they and their wives tiring a superfluous burden of slacker flesh.

QUESTIONS AND ANSWERS

Cocoa Butter

Cocoa butter, cake form, seems to relieve chapped condition of my hands and face. Will this grow hair? Also, can cocoa butter be dissolved? How?

—R. L. Z.
Answer—I know of no cosmetic material that will grow hair on the face. That fear arises, perhaps, from the fact that too much rubbing of the face, with or without a cosmetic, tends to make the fine lanugo or down that covers all parts of the skin except the palms and soles become coarser and visible. Cocoa butter is not soluble in any liquid which can be employed as a cosmetic. It may be emulsified. It has the advantage over other oils or fats that it does not become rancid.

What Is a Moron?

Please explain in your column what a moron is. Mrs. M. M.
Answer—Feeble minded persons are divided into three groups or classes: The lowest grade is the idiot, whose mind does not advance beyond the normal child of 2 years; the next grade is the imbecile, whose mind remains at about the 4 year period; third is the moron, whose mind does not advance beyond the normal development of a 12 year old child. All grades of mental deficiency or inferiority between the moron and normality occur and are sometimes referred to by experts as "psychopathic inferiority." It has the moron grade come a large share of the moral delinquents.

Home Doctor

Can you recommend some books for the following purposes: (1) As a home doctor book; (2) A guide for the prospective mother; (3) how to take care of a baby?—Mrs. N. A.
Answer—(1) "Personal Health," by yours sincerely, published by W. B. Saunders company, Philadelphia, Pa. (2) "The Prospective Mother," by Dr. J. Morris Simons, published by D. Appleton & Co., New York city, \$2. (3) "Care of the Baby," published by W. B. Saunders company, Philadelphia, \$2.50.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Thursday, January 26, 1899

There were 1,200 cases of grip in Marinette and Menominee.

A daughter was born the day previous to Mr. and Mrs. D. H. Pierce.

Mr. and Mrs. Frank Lorch left for Milwaukee on a several days visit with friends.

Fox River Valley Medical society held its annual meeting at Green Bay.

Marshall F. W. Hoferer was confined to his home with an attack of rheumatism.

Miss Lulu E. Sterns of Madison, state librarian, inspected the local public library.

Paul Kinnow and Miss Elizabeth Siles were married the previous Tuesday by Justice James E. Lennon.

On the sixty-fourth ballot for United States senator at Madison the result was: Quarles, 42; Stephenson, 26; Babcock, 16; Cook, 18; Webb, 9.

Bids for the addition to be built to the Appleton Wire Works were opened and tabulated. There were ten in all.

J. H. Wirtz was busy at the courthouse covering the steam pipes with asbestos.

Creamery butter was selling on the Chicago market at 19 cents per pound; turkeys 8 to 11 cents; chickens, 7 to 8 cents; eggs 18 cents per dozen; potatoes, 20 to 27 cents per bushel; wheat, 50 cents; oats, 37 cents; and barley, 51 cents.

TEN YEARS AGO

Thursday, January 22, 1914

George Hitchcock of Chicago called on the paper and pulp trade.

C. A. Davis and F. W. Baister of Waukegan were in Appleton on business.

A 7-pound daughter was born the day previous to Mr. and Mrs. John Rieger.

Mrs. Nellie McDermott of Greenville was among the teachers who attended the school board convention at the courthouse the day previous.

Drs. W. J. Ford, G. E. Schmidt, J. W. Meeker, L. H. Moore, H. K. Pratt and F. V. Hauch left for Milwaukee to attend a clinic.

Miss Irene Finnegan entertained a group of friends at a farewell party for Miss Ruth Talbot, who was to leave the following week for Spokane, Wash., to make her future home.

The temperature dropped to two degrees above zero at an early hour in the morning.

Anton Stadler purchased the old police station and former No. 1 hose house at the corner of Washington and Oneida-ave.

Thomas Franklin was called to Wausau by the critical illness of his mother.

Mrs. Johanna Nelson, 80, died the previous afternoon at the home of her son on the Calumet-ave.

A LEAP YEAR PROPOSAL

Leap Year! Well I guess, look here what I possess.

A friend of mine received this note: His heart fluttered into his throat.

Please allow me to state in just.

To hold your breath, while I relate.

MY DEAR AND MOST RESPECTED

ED SIR:

I've given you the foremost chance.

A home for you I will enhance.

Your hand, I ask it not in jest.

I hope you grant my fond request.

And send me back without delay.

Your answer, either Yes or Nay.

But if your heart does not incline

With me in wedlock's hand to join,

Tien you the Leap Year law obey

And down to me five dollars pay.

So now do send me your reply.

Let me be yours until I die.

And if the writer's name you guess,

Then send this back to my address;

But if for me there is no hope,

Then send me back six feet of rope.

With all sorts of love and kisses.

ONE WHO WISHES TO BE YOUR

"MRS."

—Salesman Harry.

INDOOR SPORTS

The latest indoor sport is Mah Jongg.

We say latest because our neighbors play it until past midnight.

When we first heard of Mah Jongg we thought it either a mainstay song or a Chinese dish.

Did you ever read the directions? Probably you could make out an income tax return from it, but it can't teach you the game.

Mah Jongg is only dominoes with delirium tremens.

Herodias III Revisited

Sir Herodias: The world is surely changing.

I read that a bunch of school kids up near Seymour worked like little devils to put out a fire that started in their school house.

The good old-fashioned kid would have said, "Where! Let 'er burn and we'll go fishin'."

—Lemuel.

Al, Friend Lemuel, you did not hear the other half of the story.

The boys who helped put out the fire now are afraid to go back to school for fear of the "old-fashioned kids."

"Neither sequel to our cold weather records. Mawruss, who is a half-cousin of Major Hoople, said that it was so cold that when the boss spoke to him his words fell like icicles to the ground. He had to pick them up, take them home and thaw them out before he could tell what he said. My word, yes, though you may scarcely believe it."

Going Down

We lost the name of the contributor who sent in a P.C. clipping of the section on the price of seats for the musical comedy, "Up She Goes."

Because patrons will have less to pay than was advertised he suggested the more appropriate heading: "Down She Goes."

ROLL.

Chemists Are Searching For Gland Extracts

(Morris Fishbein, in The Forum.)

In November, 1920, while reading an article in a periodical devoted to surgery, Dr. F. G. Paoting conceived the experiment which finally resulted in the production of insulin. But even before the sentence which initiated his researches could have been written, a vast amount of work had been done in almost every country of the world toward defining the nature of diabetes and the functions of the pancreas. This glandular organ lies in the abdomen near to the stomach, the liver and the first portion of the intestines. In packing houses the gland is commonly called "liver sweet-breads." It pours a juice into the intestines which aids the digestion of protein foods. This is known as an external secretion; it pours through a tube and may be collected.

On the other hand, previous researches had shown that the pancreas also manufactured an internal secretion which passed into the blood as it circulated through the gland. Obviously it is not easy to isolate an internal secretion.

By accepted method is to make an extract of the gland, which has in it at all times a certain amount of the secretion. This difficulty lies in getting an extract which contains a great deal of the active substance and which is free from extraneous substances. The glands in the body had previously yielded such internal substances having definite virtues in the treatment of disease. The thyroid gland yields an extract which is given to persons lacking in thyroid secretion. The adrenal gland is the basis of adrenalin, which has the power to contract blood vessels and to stimulate the heart to contraction; much has been said recently of the value of injections of adrenalin, directly into the heart in cases of sudden death. The pituitary gland near the brain, yields a substance which can be given to women to stimulate general contractions during childbirth, and which can be used also to cause movements of the intestinal wall in certain forms of intestinal paralysis.

The search for valuable glandular extracts is one of the big problems of modern medicine. In fact, packing houses and commercial pharmaceutical firms have for sale extracts made not only from glands, but actually even from the lungs, the brain, and the kidneys, which do not seem in any way to resemble glandular tissue. Unfortunately no scientific proof exists as to any real virtue inherent in most of these preparations.

from 96 degrees west to 24 degrees east and at a certain place the total intensity of the earth magnetism is even greater than at the north or south poles. Prof. Leyst was charged with solving this mystery, and for a number of years made experiments in Kursk province at 4,500 places. Unfortunately his material was lost during the Russian revolution.

However, the Russian academy of sciences continued the professor's work in 1919 and had measurements made at 1,050 places. The scientists found that at a depth of about 900 feet there is a heavy mass of magnetized iron.

Prof. Lazarev at 450 feet found ore containing from 40 to 45 per cent of iron. Up to July 1, 1923, the scientists had made test borings to a depth of 660 feet and had discovered an iron ore mass 200 feet thick. The amount of iron hidden in the Kursk province must be enormous if the hypotheses of the Russian scientists prove true.

Q. How much did Washington and Jefferson receive as salary while President? E. O.

A. The salary was then \$25,000.

Q. In how many languages is the Bible read in the United States? A. L. O.

A. The American Bible Society says that in 1922, in the United States alone, it distributed Scriptures in 92 languages.

Q. Will eggs absorb odors? J. H. D.

A. Eggs, particularly very fresh eggs, absorb odors readily. A coal oil can in a hen house, or proximity of eggs to food of strong odors, will taint eggs.

Q. Is the lifting of oil from wells to storage tanks an expensive procedure? N. O. K.

A. The Bureau of Mines says that from 20 to 30 per cent of the total cost of producing petroleum may be charged to lifting the oil. Although the lifting cost ranges from less than 3 cents a barrel at flowing wells producing several hundred barrels a day to \$3 a barrel at wells producing less than a fifth of a barrel a day, the lifting cost per well per month may range from more than \$1,000 at large flowing wells of the type recently developed in Oklahoma, Texas, Arkansas and California, to less than \$10 at many of the old wells pumped only a few hours a week as in most of the oil fields of New York and Pennsylvania, where the average daily production per well per day is less than one-fourth of a barrel.

Q. How much money is spent yearly for Christmas trees? H. K.

A. It is estimated that about \$1,500,000 is spent annually for evergreens at Christmas time.

Q. Why is some wood fine grained and other wood coarse grained? V. R. T.

A. The grain in wood depends upon the width and density of the rings formed in the growth of the tree. Where the rings are wide the wood is coarse grained; where narrow the wood is fine grained. Fine grained woods ordinarily are capable of taking a high polish.

Q. Are Mexican serapes classed as tapestries? F. W.

A. Both Mexican serapes and Navajo blankets are primitive tapestries.

Q. In proportion to the population, how did the North and South enter the army in the Civil War? A. G.

A. Less than one-half of the military population of the North entered the army, while in the South the proportion was nine-tenths. Military age in the North was from 15 to 40. The South had to enlist 9-10 of all its males from 17 to 60.

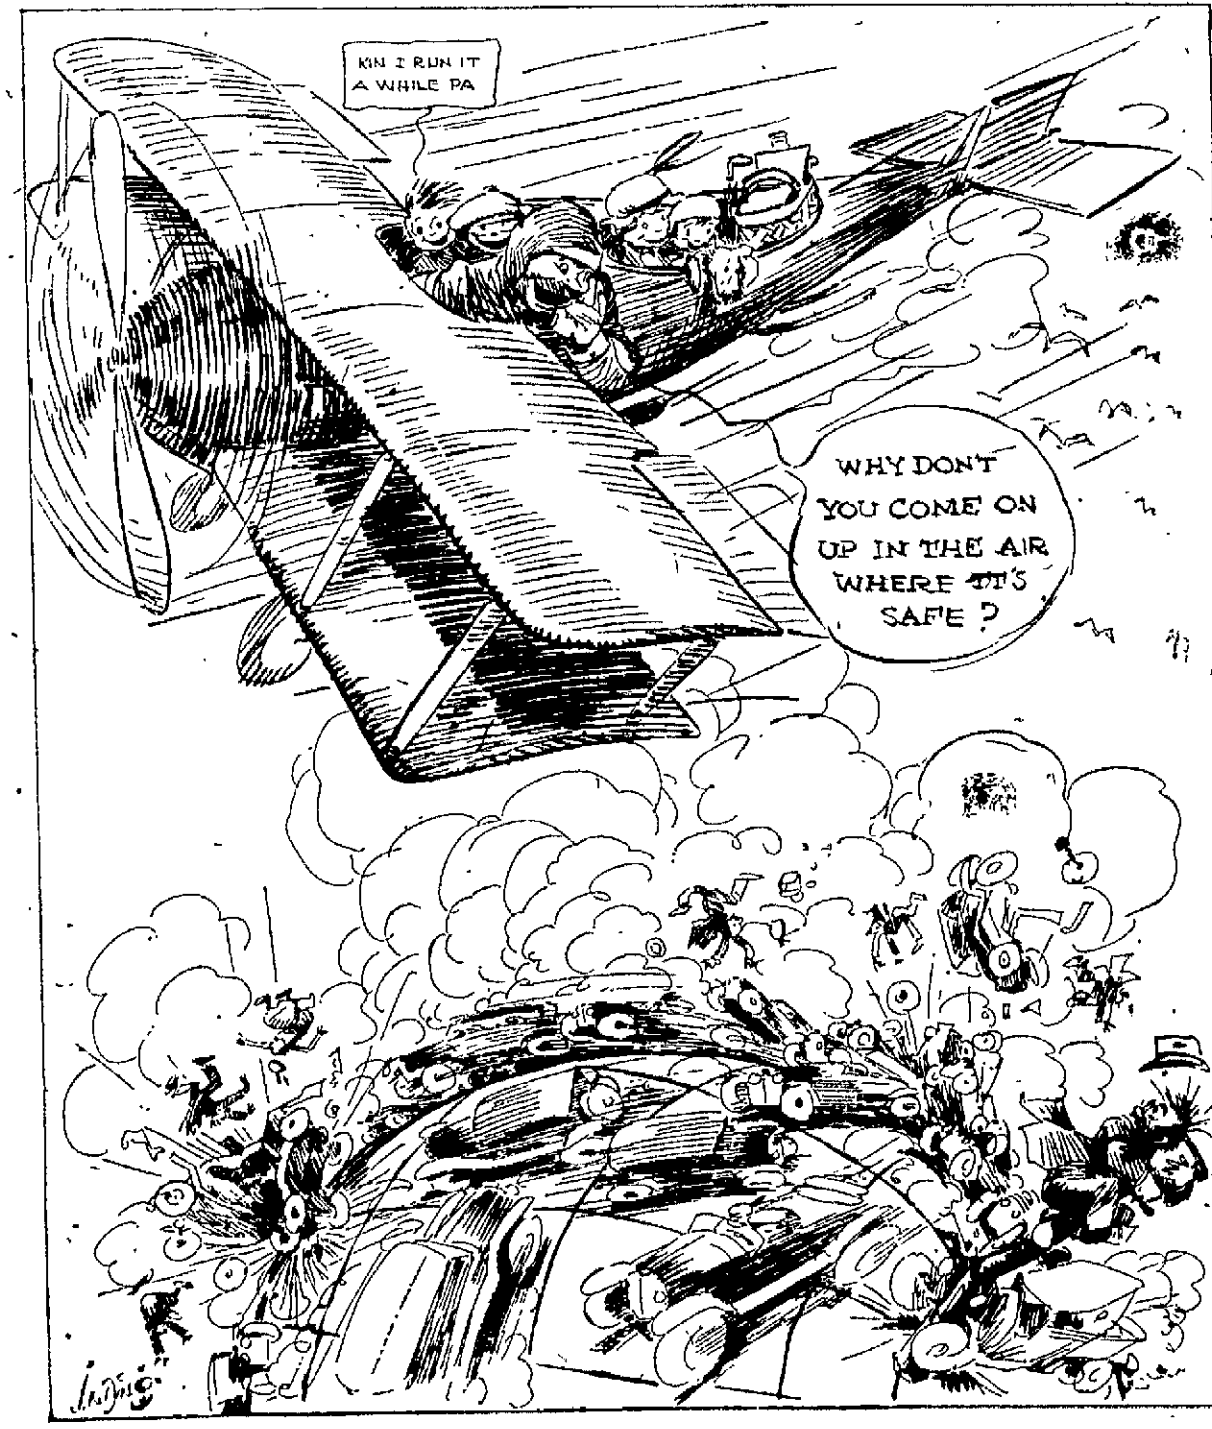

Q. To what church does McAdoo belong? R. B. P.

A. William G. McAdoo is an Episcopalian.

Q. When will the next examinations for West Point be held? A. W. T.

A. The next examination for appointments to the United States Military Academy at West Point is to be held the first Tuesday in March.

WE'RE ALMOST THAT FAR ALONG ALREADY

Injure South By Repelling Negro

(Howard Snyder, in North American Review.)

The south has made a gross blunder in trying to coddle itself into believing that the way to keep its abundance of labor was to keep the negro down, and that the average negro neither could nor would learn.

Nothing could have been more fatal to the south, in so far as holding the negro goes. My own observations during the last 10 years among negro children and their parents leads me to believe that the average negro child is eager to go to school. But of schools for negroes most rural communities have only terrible makeshifts.

At many rural schoolhouses are little better than sheds; there are often 50 or 60 pupils to one teacher; no equipment; and a poorly trained teacher who receives \$20 to \$25 a month for teaching.

The terms do not exceed three months in length. No space but scores and hundreds of times have I been told by negro tenants of the poorest and most lowly families that they were going north to school their children.

That the negro likes his sunny south and mild climate is surely true, and many leave it with bitter longing, but leave it they are surely doing, and like other peoples who have migrated from one part of the earth to another they are doing it in hope of finding something better.

See Europe To Really Enjoy Life

Anita Willets Burnham, Artist, Advises Two Audiences To Travel

Pack up your husband and children, take the baby's goat, a brown canvas telescope and a wood alcohol stove and catch the next boat for Europe if you want to really live.

That is the advice Anita Willets Burnham, the famous artist, told a group of women at the Appleton Women's clubhouse on Wednesday afternoon and evening. Mrs. Burnham's talks on her travels through Europe are as fresh and spontaneous as her paintings, a large number of which are on display at the clubhouse now. There was a large attendance at both her talks.

When Anne Burnham was nine months old, Mrs. Burnham and the three older children began to talk about going to Europe. Mr. Burnham, whom the artist referred to as "Daddy," was not so enthusiastic, but finally decided to go along since so much pressure was brought to bear upon him. The Burnham house was rented to friends and the family of six started for Europe with much baggage in addition to the things which the artist urged every family which goes to Europe to take along. They spent a year and a half in Europe taking in a great deal of the usual territory covered by tourists but living in many places for from one to four months at a time.

START AT ONCE

"Why wait until you are sick to take a vacation?" the artist exclaimed. "Take it now and enjoy it. Your work goes on somehow when you are ill and in will go on if you just pack up and go to Europe."

Again she said: "I am going to take the family to China in a year or two if I can earn money enough. I am going to take them whether I earn the money or not."

For two hours, the artist told of the family's experiences in Paris, London, in Spain, in the Balearic Islands, in Algiers and finally in Rome, Florence, Venice and Switzerland. She told many funny stories of how the baby was locked in a cathedral, of how they ate cherries off the trees in the islands, of traveling third class and of their searches for hotels, but it takes Mrs. Burnham's sense of humor to make these tales tell with interest. All the time that the family was in Europe, Mrs. Burnham and the oldest daughter, Carolyn Louise, who is a child artist of considerable fame, sketched and studied.

TRIP COST \$3,500

According to Mrs. Burnham's figures, it cost the family of six only \$3,500 to live in Europe for eighteen months. She told of many of the economies which the family practiced while abroad. There is a large number of educational advantages which are available in Europe without cost, according to the artist.

It is Mrs. Burnham's belief that children should be taken to Europe when they are young so that their experience in seeing and traveling may enrich their education. She is heartily in favor of the idea of taking children to Europe to study, a plan which is being worked out by many private schools.

After her formal address, the artist said in talking to a group of the women: "The trouble with the American people is that they wait until they are too old before they go to Europe. Seeing Europe is a strenuous business and should be tackled when you are young and vigorous enough to enjoy it. Don't wait until it is financially easy to go where you want to go. You may be dead before that and then you will have missed it. Go now. Your every experience after the trip is enriched by it."

BRINGS BABY CARRIAGE

Mrs. Burnham brought with her the unique and much traveled baby carriage in which Ann slept through most of Europe. She said that this cart was so much a part of the trip for her that she could not talk about the trip without its support.

Mrs. Burnham's pictures and some of Carolyn Louise's will be left at Appleton Women's clubhouse on display. The frames on the pictures are not the usual gilt kind, but rough home-made and home-lined ones which are as much a part of the family as are the pictures. All of the frames were made and tinted by the Burnham family.

It was through the efforts of Mrs. Mark Catlin, head of the art department of the club that the artist came to Appleton. Mrs. Catlin has done a great deal to fill the need for an appreciation and knowledge which Appleton women feel so keenly.

20 Tickets Remain For Girls Dance

Chance For Girls Who Didn't Receive Invitations To Get Tickets For Party

Eighty tickets for the Leap year dance which sports council of Appleton Women's club is giving at Elk hall on Friday evening were in the hands of guests by Thursday morning. The remainder of the tickets will be available until 5:30 Friday evening. The response from the invitation list is about completed and any person who did not receive an invitation may secure one of the remaining tickets on Thursday and Friday.

Should any of these be left after the close of the advance sale, they will be available at the door. In all probability, the entire 100 tickets will be sold before the dance begins and in that event, there will be no tickets sold at the door.

Programs have been received for the party. Winter effects will be used in the decorations and it is rumored that there will be a snow battle.

CARD PARTIES

Fifty-seven tables of cards were played at the open card party given by the Christian Mothers of St. Joseph church Wednesday night in St. Joseph hall. Prizes at schalkopf were won by G. Brill, Frank Massonette, Mrs. E. Liethen and Mrs. Matt Schmidt. Miss Jennie Boehler and Mrs. C. E. Amend won prizes at cinch.

Mrs. Joseph Bloomer won the prize at bridge, Mrs. John Pikel and Mrs. John Kettchenhofen won the prizes at pinochle and Mrs. Kamps and Margaret Reiter won honors at dice.

30 MOOSE WILL ATTEND FROLIC IN FOND DU LAC

About 30 men from Appleton will attend the Fox River Valley Moose legion frolic in the New Moose temple at Fond du Lac on Saturday. Fond du Lac Moose are celebrating the dedication of the new temple this week. The valley legion includes Green Bay, Clintonville, Kaukauna, Appleton, Oshkosh and Fond du Lac in its territory.

The business session will begin at 8 o'clock Saturday night, when candidates for officers for the ensuing year will be nominated. The frolic begins at 10 o'clock.

Mrs. Jay Hanley of Milwaukee, is visiting at the home of her parents, Mr. and Mrs. John Ludwig, 690 State st.

PARTIES

Mrs. Rufus Lowell, 507 Elm-st, entertained at tea Wednesday afternoon, followed by bridge. Prizes were won by Miss Mabel Burke, Mrs. Walter Steenils and Mrs. George Peerenboom.

A number of friends surprised Miss Laura Volkman at her home at Black Creek Friday evening on her nineteenth birthday anniversary. Games and dancing furnished entertainment. The guests included Mr. and Mrs. J. Fries and family, Esther and Edward Henning, Verndine Wolfgram, Raymond and Silveria Kitzinger, Martha and Arline Stingle, Herbert Endlich, Helen and Herbert Bleaden, Henry Felton, Ervin Neiland, Dorothy and Alfred Wolf, Roselie Lockerman, August and Edward Bergman, Leonard Swaster, Ervin Siets, Verona and Harold Volkman.

Columbian club will give an open Leap year party in Columbia hall Thursday night. The cheerleaders are Mr. and Mrs. William Schultz, Mr. and Mrs. Robert Connelly and Mr. and Mrs. Leslie Martin. Mellorimba orchestra will furnish music.

Miss Barbara Hopfensperger, Mrs. John Deonesus, Mrs. Ray Childs and Elsie Beyer won prizes for the best and funniest costumes at the masquerade dancing party given by Richmond school in the Fourth ward school Wednesday night. The party was attended by more than 100 people. The party was originally planned for Richmond school building, but because of the fire Monday, it was held in the other building.

Phyllis and Rupert Haave, 1167 Harbison-st, entertained 23 schoolmates on their tenth birthday anniversary Wednesday afternoon. Music and games amused the guests. Prizes were awarded to Ellen Hutzman, James Kraus, Ruth Kapp and Ruth Wood.

Junior Moose Chapter Will Be Installed Here

Mrs. Josephine Ramsey of Mooseheart, Ill., supreme mother of the Junior Mooseheart Legion, will institute a local chapter of the Junior Mooseheart Legion at 7:30 Friday night in Moose temple. Parents of the children have been invited to attend the ceremony.

The Junior Legion is under the auspices of the Women of Mooseheart legion. The local chapters were organized by Mrs. Clyde Cavert and Mrs. Clara Groth, governesses. All boys and girls are eligible to membership. The age limit of the boys is 15½ years, while the girls are admitted up to the age of 17½ years. A mother who has a son in the junior legion is eligible for membership in the Women of Mooseheart legion.

ST. PAUL Y. P. S. HOLDS SLEIGHRIDE TO FARM

Poetry people attended the sleighride party given by St. Paul Lutheran Young Peoples society Wednesday evening. Two sleighs were used to convey the members from St. Paul school hall to the Fred Lecker farm. Freedom-ride, a distance of about four miles. About an hour was spent at the farmhouse with music and games as the principal attractions.

Set yourself straight on these Bran facts!

If you eat bran it is because you seek relief from constipation and toxic poisoning!

To get the relief your physician will tell you that bran will give—you must be certain to get Kellogg's Bran, BECAUSE it is ALL BRAN! That is the kind your physician intends you to eat.

You only delay positive relief when you eat foods with a partial bran content, because they can only help you in proportion to the amount of bran they contain! You haven't time to waste on 25 per cent or 50 per cent relief when you know that Kellogg's Bran will give you 100 per cent relief BECAUSE IT IS ALL BRAN!

Every day's delay lets your condition become worse! Pills and cathartics can only aggravate distressing conditions. Part bran foods cannot permanently help you! They do not have the necessary bulk or roughage that makes ALL BRAN positive in its mechanical action! That is why Kellogg's Bran is a necessity!

Kellogg's Bran—because it is ALL BRAN—is GUARANTEED to give you permanent relief if you want eat two tablespoonfuls each day, or as much with each meal in chronic cases!

If you would realize how delicious Kellogg's Bran is—cooked, krumbled and ready to eat—and what it means to your health—you would not lose a minute starting to eat it! All grocers sell Kellogg's Bran in the Red and Green package.

Kellogg's the original BRAN—ready to eat

CECILIAN BAND PLAYS SUNDAY AT SAFETY MEETING

Attractive Program Will Be Arranged For Kimberly-Clark Gathering

Special to Post-Crescent
Kimberly-Clark safety council entertained a large crowd of millworkers during the noon hour Monday in the clubhouse. As usual several songs were sung by the crowd and short addresses on safety were delivered by some of the K. C. officials. The most interesting number of the program was a boxing match between a member of the Greens and one of the Yellows. The result of the match was that Kid Yellow was knocked out in the third round by Young Knockout Green. The Yellow division is also again arranging a short program for Friday's noon hour.

Arrangements are being made by the Kimberly-Clark safety council for a large general safety meeting next Sunday afternoon in the Kimberly community hall. The program has not been decided but it is expected that as in other years the Cecilian band of Kimberly will play some of its best numbers at this occasion.

Interests in safety messages will be increased by well known speakers. A large crowd is expected, as all Kimberly-Clark employees and their families are invited.

MAN IS ILL
Frank Peotter is confined to his home with illness.

A dancing party for all Kimberly club members, their wives and sweethearts will be held on Friday. The club committee invites all members so they may become acquainted with others of the club. Music will be furnished by the Collegians.

The members of the K. C. Smiles club were entertained at supper in the clubhouse Tuesday evening. Plans are being made by the club to give an outdoor dancing party on Feb. 14.

Richard Cesar has been appointed librarian of the clubhouse. The library will be open every Tuesday and Friday evening from 7 to 9 o'clock.

INSTALL OFFICERS
The Royal Neighbors will hold their monthly meeting with installation of officers on Jan. 30 in the clubhouse. The installation will be conducted by the camp of Royal Neighbors from Neenah.

Mr. and Mrs. Jacob Lamers entertained a number of neighbors and friends Sunday evening at their home. Cards were played. Music was furnished by the Lamers family.

Those present were: Mr. Denberg, Mrs. Joseph Kuborn, Mr. and Mrs. John Bush, Mr. and Mrs. Theodore Wachendorn and family, Mr. and Mrs. George Weyenberg, Mr. and Mrs. Peter Klein, Mr. and Mrs. Adrian Van Roy, George A. Janssen, Peter Van Der Wielen and Gregory Vandenberg.

Mrs. J. C. Ritten entertained the Wednesday club at cards at her home Wednesday afternoon. Prizes were awarded to Mrs. Henry Langenberg, Mrs. William Lammell and Mrs. Josepa Sandberg.

DEBATE KAUKAUNA AS PLACE TO LIVE

Kaukauna—The program committee "sprung" an impromptu debate on members of Kaukauna Rotary club at its regular meeting Wednesday noon following luncheon in the Coffee Cup annex. The question for debate was "Resolved: That Appleton is a better place in which to live than Kaukauna." C. D. Towles and W. P. Hagman were chosen as judges but refused to give a decision. They agreed, finally, to announce a decision next Tuesday when the Kaukauna club will be guest of the Appleton Rotary club at Appleton. The invitation to attend the Appleton meeting was accepted at Wednesday's session. The Kaukauna club will not meet next Wednesday.

Dinner Organization At New London Will Meet Every Tuesday Noon

Special to Post-Crescent
New London—A Lions club was organized in New London Tuesday evening following a 6:30 dinner at Elwood hotel. The organization was effected under the direction of Albert Lockman of Chicago who has spent the last week in getting prospective members signed up. Giles H. Putnam, city attorney, was elected as president of the club. Other officers were chosen as follows: First vice president, Dr. A. C. Borchardt; second vice president, M. C. Travers; third vice president, E. W. Krause; secretary and treasurer, C. J. Thompson; hon. tamer, the Rev. Milton A. Haker; tall waiter, C. A. Rogers; directors, Dr. W. W. Monsted, Dr. Ed Lyon, Milton Wright and Thomas G. Roberts. Other members are F. J. Schultz, G. A. Vandree, B. D. Cooke, E. J. Schoenrock, A. L. Haase, M. L. Hiltner, Dr. C. Ramm, Rudd Smith, Otto Zerrernner, Dr. F. J. Murphy, L. E. Chne, and L. M. Wright. Louis Reuter was made an honorary member. The Lions will meet for lunch each Tuesday noon at Elwood hotel. Until roads are open permitting delegations from neighboring cities to attend at the presentation of its charter, the local club will hold regular meetings under special dispensation from the district governor, Dr. J. A. Holmes of Appleton. At the organization meeting, two Lions from Appleton, W. E. Smith and John Ballinger were present and addressed the group.

J. E. Russell of Oshkosh addressed the Rotary club at its weekly luncheon Monday noon on the subject, "The Evolution of the Typewriter."

The Borden company will give a 6 o'clock dinner to all employees and their wives in the Knights of Columbus hall Thursday evening. The dinner will be served by the Dorcas society of the Methodist church and will be followed by dancing.

The George W. Tanning, John Eggers, and Floyd Granger homes are quarantined for scarlet fever.

Quick Relief for Rheumatics
Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, swollen, twisted joints and suffer intensely because your system is full of uric acid, that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now.

Start taking it today. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish."

Many people, the most skeptical of skeptics right in this city and in the country hereabouts, bless the day when Schlitz Bros. and other good druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied.

If you have rheumatism get a bottle of Rheuma today.

BRING IN OIL WELL ON LINDAUER PROPERTY
Kaukauna—A "Big Bear" oil well has been located at Long Beach, Calif., on property owned by Luther Lindauer until recently a resident of this city. Word of the strike was received here this week by Mrs. Elizabeth Behler. The well at present is pumping 2,900 barrels of oil a day. Dr. and Mrs. E. C. Hallock of this city are spending several months visiting at the Lindauer home in La Habra, Calif., about 12 miles from Long Beach. Miss Olive Nagan will arrive there for a visit Saturday. She left Kaukauna Tuesday noon.

is no measure of its value
These are the things to consider

Just Go and See
Studebaker is today the leader in the fine-car field. Studebaker builds more quality cars than any other concern in the world. Buyers of fine cars last year spent over \$200,000,000 for Studebaker models. The demand for Studebakers has almost trebled in three years—as people found them out. Then go see them. Compare them with any car you will. Don't spend \$1,000 or over without knowing what Studebaker offers. You owe that to yourself.

CICERO FARMERS' RISK COMPANY NOW IS AMONG LEADERS

Mutual Organization Hears Splendid Reports At Annual Meeting

Seymour Home, Mutual Hill, Cyclone & Tornado Insurance Co now is one of the largest of its kind in the state, according to reports submitted at the annual meeting of members Wednesday at Hotel Falck, Seymour, showing a gain of \$51,133.00. The officers were elected.

The report of Julius Bubolz, secretary and general manager, showed also that there are 8,951 members in the company and that the total insurance in force is \$26,250,000. The cash reserve amounts to \$19,500. Losses paid last year were approximately \$11,000.

Officers of the company are: President, Albert Bruger, Seymour, vice president, H. F. Furer, New London, secretary, Julius Bubolz, Cicero, directors, Edwin Diehl, Manitowoc, Joseph Blake, Black Creek.

This insurance organization, started among farmers in town of Cicero by Mr. Bubolz, will be 24 years old March 1. Mr. Bubolz has been its general manager during the entire period.

ON THE SCREEN

GREAT TREASURE HUNT IN LATEST MOVIE

What person with an ounce of red blood in his veins who does not recover a youthful thrill at a tale of a quest for hidden treasure? The old-time thrills have been recaptured and imprisoned for all time on celluloid by Gouverneur Morris in Goldwyn's film version of his story, "Yellow Men and Gold," which comes to the New Elbow Friday and Saturday.

This absorbing tale of adventure and conflict on an island in the South Seas partakes of the romantic fervor, lively action and picturesque color he found in Robert Louis Stevenson's "Treasure Island." Two rival factions set out for a lonely island off which an old Spanish galleon, laden with treasure, was sunk. A convulsion of nature has thrown the galleon up above the water until it rests, like the skeleton of a whale, upon one of the highest points of land.

About the skeleton of this old ship occurs much of the action of the picture. Physical prowess and endurance of an unusual sort was called for on the part of Richard Dix, Helen Chadwick, Henry Herbert, Fred Kohler, Henry T. Herbert, William Moran, Goro Kido and the other actors in depicting the scenes on the island. Fight fellows fight in rapid succession, each one more strenuous and thrilling than the one preceding it. "Yellow Men and Gold" was directed by Ivan Whitely and he has succeeded in imbuing the film with the color, speed, picturesqueness and character values of the original story. It is a tale that will make spectators forget everything else until the final foot has been unrolled.

DRAMATIC FARCE MAKING BIG HIT AT THE ELITE

In "Her Temporary Husband," directed by John McDermott for First National, which is being shown at the Elite Theatre tomorrow and Saturday, the three elements—drama, mystery, comedy—are all in the one picture.

When a film holds an audience's interest first through its straight dramatic situations then with a true mystery, angle and lastly with a bang up comedy, that picture is worth-while entertainment.

It is enacted by a capable cast and is one of the most delightful of the season. There is nothing heavily dramatic about it—there are no tedious situations, no weak spots, no false suspense, the comedy is not trite nor far fetched.

Owen Moore is the hero of the picture. Sidney Chaplin playing the role of a butler, once again proves that he is an artist of pantomime.

Sylvia Breamer, the heroine, plays the difficult role of being the center of the various situations, yet she must take the whole thing seriously, and she does it well.

Chuck Reisner, one of the funniest villains of the screen, adds tremendously to the general high standard of the picture. Also in the cast there are such capable actors as Tully Marshall, Charles Gerrard, George Cooper and George Elliot.

One of the most unique situations imaginable is worked into the plot through the means of false whiskers. Whiskers, false or otherwise, are usually comical and the director has taken advantage of every vestige of humor in them for this picture.

Thousands of people are seen in one of the spectacular chase scenes. It wouldn't be fair to those who have not seen the picture to tell the outcome of the story but it is based on a situation within a certain time in order to inherit a considerable sum of money. So she selects an agent and diving man for her husband, believing

LAFOLLETTE G. O. P. MEETS ON FRIDAY

District Leaders Meet in Green Bay To Select Convention Delegates

The first call of "LaFollette-for-President" boosters of this district will be held in Green Bay Friday afternoon of this week. Word was received by Fred Bachman from Robert M. LaFollette, Jr., Wednesday morning, that LaFollette Progressive candidates for delegates to the national Republican convention will be selected at the Green Bay meeting.

Mr. Bachman, who is a member of the state central Republican committee and chairman of the county Republican committee, will be unable to attend on account of his pressing duties as city treasurer during the present tax collection period. It is indefinite who will go to the Green Bay meeting.

Two delegates from the Ninth congressional district to the national Republican convention are to be elected in the April election and candidates instructed to nominate LaFollette for president will be selected at the Green Bay meeting.

ICE COMPANY EMPLOYE INJURED BY CAKE OF ICE

James Managan, 532 Hancock st., employed by the Lutz Ice company, was injured Wednesday afternoon when a cake of ice fell on his right ankle, and inflicted a serious bruise. He was conveyed by the city ambulance to the office of a physician and later to St. Elizabeth hospital.

at the worst he would only be temporarily.

Then complications follow complications and the development of the plot has all the tenseness of a half-raising melodrama, while it is yet kept within the bounds of a clean farce comedy.

"Her Temporary Husband" belongs to the clean sort of entertainment that leaves you with a pleasant attitude toward the movies.

MAYHUGH'S WIFE IS THROWN OUT OF JOB

Customers of the Baltimore Dairy lunch at Green Bay are said to be protesting against the enforced resignation of its manager, Mrs. Dora Mayhugh, divorced wife of John Mayhugh who had been in charge of the Appleton Baltimore Dairy lunch room.

After seventeen years of service, Mrs. Mayhugh has been asked by the Baltimore Lunch company, which operates a chain of restaurants, to resign her position. It is believed that the action of the company was caused by salacious publicity carried in a Milwaukee newspaper regarding her recent divorce from Mr. Mayhugh in Green Bay.

Mrs. Mayhugh declared that she may open a restaurant herself in the near future, and customers of the Baltimore lunch room are said to be standing by her. Stories carried by the Milwaukee newspaper were declared untrue on rumor. She maintained that she was the innocent party in the case.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a fat, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound made with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

VERMEULEN LEASES KITCHEN IN HOTEL

Tea Room Proprietor In Charge Of Hotel Appleton Dining Room After Feb. 1

Thomas Vermeulen, who has conducted Vermeulen's bakery and tea room on College ave. for more than five years, has leased the kitchen of Hotel Appleton and will be in charge of the hotel dining room, the roof garden on the new hotel building and also will establish a tea room or restaurant in the quarters formerly occupied by Appleton Woman's club. He has not completed definite plans or policies for his new connection.

Mr. Vermeulen will take charge of the kitchen and dining room of the hotel on Feb. 1. Negotiations now are in progress to lease the quarters now occupied by Mr. Vermeulen, which are owned by the Pettibone-Peabody Co.

A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp Root, kidney, liver and bladder medicine.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp Root. It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses. It is recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp Root. If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N.Y., for a sample bottle. When writing be sure and mention this paper.

FISCHER THEATRE
IS DEFENDANT IN
SUIT FOR \$18,000

Woman Wants Large Sum For
Injuries Suffered When
She Fell

A jury has been summoned to try the \$18,000 damage suit instituted by Miss Rose Lyons of Appleton against Fischer's Appleton theater. The case will open in municipal court Friday morning, with Attorney J. P. Frank of Appleton and Attorney James F. McGowan of Green Bay representing the plaintiff and Attorneys Keller & Keller of Appleton representing the defendant.

Miss Lyons is suing for damages which she maintains is due her for an injury she suffered in August, 1922, while leaving a motion picture show in that theater. She attended the 7 o'clock or first show and on stepping out of the row of seats into the aisle she tripped, the fall resulting in a compound fracture of the hip.

Attorneys for the defense deny any negligence on the part of the defendant, but maintain that the injury was contributed by the plaintiff who, it is set forth, was looking at a picture as she was leaving her seat.

REV. ROUSE WILL BE
RECEPTION GUEST

The Rev. Frederick T. Rouse, former pastor of the First Congregational church, will arrive in Appleton at 6 o'clock Thursday evening and an informal reception will be held at which all of his friends may greet him, whether members of the congregation.

The Rev. Mr. Rouse is to give his lecture on "The Great Northwest" at the church at 7:30 Friday evening under auspices of the Christian Endeavor society. He will be a guest at the church night supper and program at 8:30 Thursday evening, and the reception will follow in the church parlors.

Those who cannot attend the supper are requested to be present in the parlors at 8 o'clock for the reception.

SMALL ARMY OF SHOE
SALESMEN VISIT HERE

Traveling salesmen for shoe houses were in Appleton in droves Wednesday, judging from the number that called upon the local trade. One merchant said that nine called at his store in the morning, three during the early part of the afternoon and seven during the latter part of the afternoon. All were introducing new spring styles.

FARMER INJURED
BY FALLING TREE

Vernon Cummings Will Be Con-
fined Long Time Because
Of Accident

Special to Post-Crescent.
Loeman—Vernon Cummings was in-
jured quite badly when a tree fell on
him while he was cutting wood near
his home. The exact extent of his
injuries has not been learned, but he
will be confined to his bed for some
time. The accident causes a hard-
ship to his parents, who are aged and
must do all the farm work themselves.
Mr. Qualls and Mr. Wing have
started driving to Neenah with two
teams of horses and will work in the
woods there. This is a 5-day drive.
The home of Guy Olmsted, a Clin-
tonville farmer, was destroyed by fire
Monday. Due to sickness in the fam-
ily all efforts were directed toward re-
moving them and the fire therefore
gained such headway that all attempts
to save the home were futile. The
fire originated in the attic next to a
chimney. It is said.

Comforts and discomforts are con-
nected with hunting. In the opinion
of Samuel Strong and Michael Mc-
Hugh, who started on a wolf hunt re-
cently. They captured a red fox on
their first trip. On the second one
they reached a point a short distance
from New London. They had to walk
all the way and arrived at 2 o'clock in
the morning. No wolf was captured,
however.

The temperature in and around

TELEPHONE POLE
FALLS ON LINEMAN

Pole Breaks Off Near Bottom
And Topples Over
On Man

Falling off a telephone pole which
broke at the bottom, Maurice Hoell-
han, Kaukauna, a lineman employed
by the Wisconsin Telephone company
in New London, struck a sidewalk
with his back and suffered a broken
hip Wednesday noon. Hoellhan is
resting in St. Elizabeth's hospital.
The lineman was one of a special
crew employed in installing a common
battery in New London. He had
climbed a pole on Smith-st to dis-
mantle it. The pole was too much de-
cayed to bear the load and just as
he completed his work it gave way
and fell upon him as he landed on his
back on the cement sidewalk. He is said
to be suffering with a ruptured blad-
der.

GRANTS NEW TRIAL IN DAMAGE SUIT

Judge Spencer Permits Retrial
In Schultz-Forster Automobile Case

A new trial has been granted by Judge A. M. Spencer of municipal court in the damage suit of Clara Schultz vs. Vincent Forster, in which the plaintiff asked \$1,000 for injuries received in an automobile accident several months ago. The date will be fixed later.

This case was tried Dec. 13 in the upper branch of municipal court and the jury gave a special verdict awarding the plaintiff damages of \$200 but declared that the defendant's lack of ordinary care was not the cause of the accident. This prevented collection of the damages by Miss Schultz. Her attorneys, Morgan & Johns, immediately made a motion either to change the answers of the jury or to grant a new trial. The latter request was granted by Judge Spencer following arguments on the motion on Jan. 14.

The suit grew out of an accident at the corner of Second-ave and Lemn-wah-st in which Forster's car struck the rear of a taxicab owned by W. H. Dean, throwing the latter machine over on its side. Two couples occupied the taxi but Miss Schultz is the only one named in the suit.

The jury affirmed the fact that the plaintiff was injured and also held that Forster was guilty of want of ordinary care. Forster was represented by Attorney Fred V. Hennemann.

PAPERMILL MEN HEAR TALK ON MOTOR DRIVE

Joseph Doerfler, Chief Electrician, Talks At Industrial Forum

Joseph Doerfler, chief electrician for Kimberly-Clark company, was the speaker at the meeting of the T. M. C. A. Industrial forum Wednesday evening. His subject was "Electrical Drives." He illustrated his talk with charts showing how electrical drives are applied to papermill machinery.

His discussion was devoid of technical terms and was attended by several paper mill men from Kimberly, Keenah and Menasha. He said the motors on paper machines are so arranged that they automatically take up the slack in the paper, whereas with the steam drive the change of speed depends upon the governors which do not operate until the actual change in speed takes place in the machine itself.

With electrical drive a paper machine will turn out a greater production of paper than with the old form of drive. Electrical drives do away with shafting and because of this their installation is no more expensive than steam driven machinery.

ALIEN SOLDIERS CAN AVOID RED TAPE IN BECOMING CITIZENS

March 3 is Last Day For Honorably Discharged Men To Get Special Privilege

To secure immediate naturalization aliens with honorable discharge from United States military service will have to make application at once, for the period of special privileges for discharged alien soldiers will expire on March 3, 1924, according to instructions received by Harry A. Shannon, clerk of circuit court, from the bureau of naturalization of the United States department of labor.

To become United States citizens by means of these expeditious proceedings former service men living in this vicinity should get into immediate touch with George N. Danielson, United States naturalization examiner, who will make arrangements for an interview.

Provision for naturalization by means of such expeditious proceedings was made by congress on July 19, 1919, but with the condition that these benefits continue in force only for a period of one year after the return of all the American troops to the United States. This one-year period will expire on March 3, by reason of the fact that the last of the American troops returned to this country on March 3, 1922.

The law authorizes the naturalization of World war veterans who are aliens without complying with many of the usual requirements, such as a declaration of intention, proof of five years' residence in the United States, payment of the \$5 filing fee and the 90-day wait from the date of filing petition to the date of final hearing. As a sole condition to securing citizenship under this statute, the applicant must appear before a naturalization examiner with his honorable discharge and two identifying witnesses for preliminary examination.

Allen World war veterans are not required to take out the customary first papers. All they have to provide is two witnesses to prove that the applicant is the same person as mentioned in the discharge papers which he must produce.

This announcement of Mr. Shannon is to sound warning that after March 3, all honorably discharged veterans who are not citizens will have to comply with the regular requirements for naturalization in the same manner as aliens in ordinary cases.

Flowers And Feathers Featured On Milady's Hat For Easter Parade

Although the weather man persists in predicting cold waves, the hat stores keep right on displaying the newest creations in this line of "art." And although the weather does make noses and cheeks pink, you'll find that the women are looking at spring hats, if only to get some idea of what the styles will be in. Anyone who visits the millinery stores will find that most of the display space is taken up with midwinter and spring hats, with the possible exception of the special sales of winter hats.

Most spring hats are made of silk, satin, straw, and silk and straw combinations. Although flowers play an important part in the makeup, they do not cover the hats completely or are they nearly as prominent as they were last year. Most of the flowers seen on the earliest hats are a form of applique, or rather of the flat type of flowers that are fastened to the hat by the edges of the leaves or petals. One store displays a hat that is trimmed with nothing but clusters of grapes, and in other stores an occasional bunch of colored cherries may be seen gracing a hat.

SHAPES ARE SMALL The shapes are mostly all small, due to the bobbed style of hairdress, and either of a poke bonnet type or a turn-up brim. Many of the crowns are soft.

Feathers are a popular trimming for hats at present, and although many of the stores fail to agree on this point, it is a fact that any number of hats are shown with glycerined ostrich, burned goose, ostrich chenille, and long trailing ostrich feathers that remind one of hats worn with hoop skirts and fingerless black silk gloves, and smart quills that make a straw or felt hat look quite perky.

Some of the popular fabrics in hats are baronet vists, changeable silks, taffetas, satins and crepes. The baronet vista is a fabric that is greatly like baronet satin, in fact, one store declared it is baronet satin that is finished to give it a "straw" effect. It makes most attractive hats, and little trimmings is necessary because of the beauty of the fabric.

BUSTLE BACK HATS One of the newest effects is the bustle back. This hat has a small brim in front, with a large brim that turns up in back, usually covered with flowers or a bow. A smart hat is made of felt and straw braid, with an open work effect. Another stunning hat is made of lavender straw, with two stiff quills on one side, pointing downward.

As to colors, there is no particular one emphasized, although one of the shops displayed much orchid and purple. The browns and tans are always good for spring, because they go well with most any color. Blues, yellows, greens and bright colors in general are featured.

Flowers are made of silk and satin, chiffon and velvet, in fact any material that will make pretty posies is used. Little bands and bows of gros grain ribbon finish many of the styles. A hat that sells at \$22 is trimmed with chenille and ostrich feather. The fine strips of the plume are pasted down to a stiff sheet in the form of a quill, giving the appearance of velvet. The work put on this hat cannot be fully appreciated at a glance, although it is extraordinarily beautiful.

APPLETON HAS 1 DELEGATE AT YELLOW TRAIL MEETING

Appleton is entitled to one vote in the state convention of the Yellowstone Trail association at Marshfield on Tuesday, Jan. 29. Cities and towns of Wisconsin have members and votes on the basis of the amount of money subscribed annually for the prosecution of its work.

At this meeting full reports of the Yellowstone Trail association for 1923 will be made. Proposed plans and budget for 1924 will be submitted. The membership campaign now pending will be thoroughly discussed. The meeting also will elect the Wisconsin member of the national executive committee for 1924.

Among the officers who will be present are J. G. Arnold, member of the executive committee for Wisconsin; J. R. Hubbard, president of the Yellowstone association, and H. O. Coolidge, general manager.

George J. Thust, Steel Tube Manufacturer

Starting as a boy in the steel mills of the east, Mr. Thust worked himself to the front in that industry so that he came in contact with the seamless tube branch of the field at its very beginning, as general foreman and in other official capacities in the experimental department of the Ellwood Seamless Tube Company—Ellwood City, Pa.—where THE FIRST SEAMLESS TUBING was made. He has installed seamless tube plants for the following concerns—he assisted in the installation of the New Castle Tube mills at New Castle, Pa.—completely installed the plant for the Greenville Company of Toledo, Ohio. The three former now being a part of the United States Steel Corporation. He also installed completely the big plant of the Detroit Seamless Tube Company, an independent concern and importantly.

Mr. Thust installed the large successful plant of the Ohio Seamless Tube Company at Milwaukee and was its active managing head for many years.

Mr. Thust knows the seamless tube business from every possible angle; knows the cost of all operations, the exact costs of the material; the location of the materials; and the market for the product which will be manufactured.

He will bring with him a complete organization of experienced men for every department. These he intends to take from several of the larger seamless steel tube mills. Nothing will be left undone to place this enterprise under the most efficient production management possible.

TIPS FOR TAXPAYERS

NUMBER 21

Income from dividends form a considerable item in the aggregate income of many taxpayers. A dividend, for the purposes of the income-tax law, is any distribution, whether in cash or property, made by a corporation to its stockholders or members out of its earnings or profits accumulated since February 28, 1913.

A dividend is income to the stockholder as of the date when the cash or property is unqualifiedly made subject to his demand. For example, a corporation may declare a dividend payable December 30, 1923, for which the stockholder did not receive his check until January, 1924. The dividend is a part of his 1923 income.

Dividends received by an individual stockholder are exempt from the normal tax, but subject to the surtax, the reason being that the corporation which declares the dividend is subject to the normal tax on earnings out of which it is paid. Accordingly, dividends must be included in gross income, but they may be deducted as a credit in computing the normal tax.

Dividends or interest not in excess of \$300 received by individuals during the years 1922 to 1926, inclusive, from domestic building and loan associations; operated exclusively for the purpose of making loans to members, are exempt from both normal and surtax.

Put Sand Or Ashes On Walks

Appleton people are not as considerate of pedestrians this year as in other winters when it comes to protecting them from falling on icy walks, declares an observing business man.

"Whenever there was slippery places on walks, people usually coated them with ashes or sand and the city had its street workers treat the crossings the same way, but I have not seen it done to any extent this year."

"I believe we ought to wake up to the danger that exists there. Newspaper accounts tell us that two people are in the hospital now with broken hips and there are numerous cases of lesser injuries especially to the aged."

PIANO DUO PLAY IN CONCERT HERE

Two Noted Musicians Appear As Third Number Of Community Artist Series

Duet playing, a recreation and musical delight in which even the most amateur musicians have indulged, is raised to its highest possible form of entertainment in the program which Guy Maier and Leo Pattison will present at Lawrence Memorial chapel on Jan. 29. The recital for two pianos is the third number of the Community Artist series program.

Audiences everywhere have been enthusiastic about the two-piano performance of these artists. Where their recitals are given in a series with other musical numbers they have proved the most popular of the course. Although both pianists are splendid solo artists, they have been able to combine their artistry to produce delightful effects.

Both pianists are graduates of the New England Conservatory of Music. While in school they knew each other casually and quite by accident decided to study in Europe together. Their joint concert grew out of their mutual interest in two-piano compositions which they played together while in Germany.

RUNAWAY GIRL IS RETURNED TO HOME WHICH SHE SCORNE

Leona Ziegler Ran Away Because She Wanted Better Clothes

It was a rebellious girl that Sheriff Charles Groeschel of Calumet-co led back to Chilton Wednesday night after her detention by police here following her runaway trip from her home in Chilton.

Pretty Leona Zieglerbauer, 17, feeling herself disgraced because of failure in her studies at Chilton high school and tired of the monotony of small town life and the lack of frills and fineries, took French leave Tuesday of her parents in Chilton in order to make her way through the world alone.

She was traced by authorities as far as Appleton and a request to Chief George T. Prim of the Appleton police force to locate her led to her discovery in a short time. She appeared at the Appleton Woman's club and there attracted the attention of Mrs. Mildred Gardner, policewoman. She was located by the policewoman at a home on Lowest where she had obtained employment as a house maid.

HAD SILK UNDIES
Although she was very well dressed, she was dissatisfied with her clothes and said she wanted to work in order that she could buy the fineries her heart desired. Yet in her traveling bag she carried silk underclothing.

"You wanted fine clothes," said Chief Prim. "What do you call these?" "You don't call that fine, do you?" she retorted.

She admitted taking about \$10 belonging to her mother, but with the intention of returning it later.

In a pathetic note of farewell which she left home she told her mother that she would make her way somehow or end it all.

The note was incoherent in character and referred to the mother as being the best friend the girl had ever had. Leona said that no one cared for her and that she had failed in several school studies which she had tried hard to master. The note closed with a pathetic appeal to the mother to pray for her.

After her detention here by the police she was placed in the county jail pending the arrival of the Calumet-co sheriff. When she was placed there by Mrs. Gardner, the girl remarked, "You had better lock the door for if I ever get another chance, I'm going."

Leona Zieglerbauer is a handsome dark complexioned girl, but it was not love affairs which prompted her to leave home. Last summer a young man called on her several times, and she sometimes corresponded with him at Manitowish. She left a letter for him and had evidently planned on mailing it, for the envelope had been stamped. Leona's father is a foreman in an industrial plant in Chilton. The family is not in poor circumstances.

Aristocratic Roosters And Hens Greet Poultry Show Visitors

CHANTICLEER music, deafening at times, fills the armory daily from 3 o'clock in the morning until late at night. It is the annual chorus of hundreds of birds on exhibition at the Fox River Valley Poultry and Pet Stock association. Shrill voices and deep ones, and at times the crowing is so continuous it loses its identity and all you hear is a discordant volume of sound.

The concert ceased for a moment Wednesday afternoon when the chanticleers sounded a piercing alarm that brought every bird on exhibition and more than one hundred persons to attention. For a moment no one knew what had happened, but in the center of the floor the visitors saw that half a dozen pigeons had been released in a large cage.

The birds on exhibition are not of the ordinary barnyard type for some of them are worth more than a new automobile. W. H. Laube of Waukegan has a string of 24 Single Comb Rhode Island Reds on exhibition which he brought here direct from the national poultry show at Chicago, where he was offered \$500 for one cockerel, but turned it down. Another cockerel on exhibition was sold to one of the judges of the national show for \$100 and will be delivered to him at the close of the Appleton show. Twenty-three of the twenty-four birds won ribbons at Chicago.

ARISTOCRATIC AIR
The quality of the birds is of the highest type ever exhibited here and there is an aristocratic air about them that makes you feel they are being critically inspected. Their glossy coats and dignified bearing make them generally admired.

While some of the birds apparently enjoy admiration and will crow louder than at other times in an effort to show off, others pay no attention to visitors and spend their time searching for morsels of food in the rice straw under their feet and will cover you with flying chaff if you fail to be on guard.

CAGE OF PHEASANTS
The big attraction at the show is the cage of pheasants, guinea fowl and pigeons owned by Oscar Klemp of Clintonville, who it was reported Wednesday would not exhibit his birds because of the cold weather. He has one male pheasant and eight females here. He crated the females and shipped them by express, but because of the length of the males tail and the danger of breaking some of the feathers he brought him here in a shoe box under his arm with the tail protruding from one end. He had two males

until a week ago when one killed the other.

Mr. Klemp has been raising pheasants for about four years, and says they are very hardy. He keeps them in a large cage at his home and says they roost on the ground. A few nights ago he returned home after a snowstorm and upon turning a flash light upon them all he could see here and there was a head protruding above the snow.

When danger threatens the pheasants flatten out on the ground and because their color so closely resembles the color of the soil it is almost impossible to see them until you are upon them. Mr. Klemp raises them mostly for his own use and says for breeding purposes they are worth \$5 each and for meat \$2 each. The meat compares favorably with that of a partridge.

SIX ROWS OF CAGES
The wire cages, occupied by the poultry extend in double rows the

length of the armory. There are about six of these rows with one across the rear of the building. F. W. Hart & Son of Appleton, and Blackford company of Waukegan have displays of poultry feed on exhibition and the latter firm gives away a feed-hopper each evening.

The corn and grain show occupies the balcony and is in charge of Kathryn Gens of Grand Chute. The exhibit is not large as last year owing to the poor crop, but the display of grain and potatoes is larger.

Officers of the poultry association are George Loos, president; George Lausmann, vice president; John Goodland, secretary-treasurer. Mr. Goodland also is show secretary. L. F. Bushey, show manager, and A. J. Shannon, assistant show manager. The board of directors is composed of Chris Dressang, Anton Mys, J. B. Parish, W. T. Flotow, L. F. Bushey, H. Nabbefeld, L. H. McCarter, Herman Woyatzke, E. W. Jennerjahn and W. H. Gmeiner.

To Enter 1924 Skating
Tournament On Feb. 3Entries Close Friday Night So
Final Arrangements For Races
Can Be Made

Tomorrow is the last day for entering the skating tournament which will be conducted by the Appleton Post-Crescent at Jones park on Sunday, Feb. 3. All entries must be in by the close of business Friday afternoon. Assigning of numbers and arranging of the program will be started at once.

A survey of the skating course at Jones park will be made early next week to determine the longest possible skating course. It is hoped to lay out a course of nine laps of the mile, with long enough a speed will not be lost in making the turns. Last year skaters complained the turns were sharp and they were obliged to cut down their speed considerably in passing the corner posts.

In all probability the finish line for all the races will be in the southwest corner of the rink where there is plenty of room for a straightaway and for the skaters to cross the line without diminishing speed.

PATROL COURSE
Police officers will be stationed at the course to patrol the ice so that the rink will be kept free of spectators. Splendid order was maintained last year, in spite of the huge crowd, and it is believed the same splendid showing will be made this winter.

Skaters are urged to fill out the entry blanks printed on this page and return it to the skating editor of the Post-Crescent before tomorrow night. There are a lot of skaters who will be mighty sorry about Sunday afternoon that they didn't enter the races. It was the same last year. Many skaters moved all during the races because they weren't in and they probably will be doing the same thing this year.

Eleven events are on the program and gold and silver medals go to the winners of first and second places in each event. A silver loving cup will be awarded the city champion.

Eagle Ladies Organize Two
Bowling Teams And Plan
Two More

F. O. E. Ladies auxiliary Tuesday afternoon, organized two bowling teams which got into action for the first time Wednesday evening at the Eagle alleys here. The teams have not chosen their names, and are waiting to hear the numbers for identification. It is planned to build two more fives after the coming week to complete the loop. Games will be rolled at 2:30 P. M. every Wednesday.

Following are Wednesday's scores:
Number 1. Capt. 113, 73, 102, 258.

MIKE MENOSKY PASSES
FROM MAJOR LOOP RANKS

Mike Menosky, outfielder of the Boston Red Sox, is to pass from the majors after a long stay in which he seldom played the role of a regular. Menosky never quite fulfilled expectations, for when he first joined the majors he gave promise of being a star. There was one laudable feature about Menosky's play, he always gave his very best.

LEE FOHL PINS HOPES
ON OUTFIELDER BOONE

Manager Lee Fohl of the Boston Red Sox is pinning much hope on Outfielder Boone to come through for him. Boone, a great hitter in the minors, once received a short trial with the New York Giants. Fohl is one of the biggest men to ever break into the majors, being over six feet and weighing well over 200 pounds.

Antigo Seeks
Badger State
League Berth

Menasha—The Antigo baseball club has made formal application for membership in the Wisconsin State baseball league, according to an announcement made on Wednesday by President T. E. McGillan. No action on the application will be taken until the league directors hold their next regular meeting, which probably will be the latter part of February. There is considerable talk of entering the league to an eight team circuit and it is not at all unlikely that this will be brought about.

COMBINED LOCKS
KEGLERS LEAD AT
END OF SCHEDULE

Two Postponed Contests Will
Be Played Off Monday
And Wednesday

Interfactory bowling league Wednesday completed its regular schedule. There still are several postponed games to be played off, but according to the present standings, Combined Locks leads the league, having won 18 out of 24 games for a percentage of 750. Appleton Wire Works follows with 16 games won and 11 lost.

The regular game scheduled between Kimberly-Clark and Interlake Wednesday was postponed owing to the inability of the K-C Millmen to appear. This contest will be played Wednesday evening on the Y. M. C. alleys.

Interlake and Combined Locks postponed their Christmas eve tilt, and will make up the contest Monday. The present standings follow:

Janesville—Three days of the dull kind of bowling were shunted on to the sidetrack Wednesday night when on the last shift of five men, the McNeil hotels of Janesville, poured their way into third place of the twenty-second annual Wisconsin pin tourney. Their 2,835 pushed the Kunzelman and Esser quint of Milwaukee, who have 2,594, down into fourth position.

The McNeil leading match team of this city had a poor time of it in their first game when the heat they could do was to collect 865. The wood wasn't falling for them in that game, but they settled down to a steady pace in the next and commenced lopping off the maples, tallying 971. In the third game they moved through the pine for 926. The last game gave them third high single game in five men so far during the event.

Milton Cook, leadoff man, was high for the quint. He crushed the bottles for 604, (171-217-215). In the second game, the team was exceptionally dull. Only mediocre booster teams occupied the drives, many of them rolling the first time in their lives for the sake of putting the Bowler city upon the bowling map.

Thursday looks like another day of rest for the score-keepers. Forty-eight Janesville novice five-man teams will hold forth, the first squad of 12 appearing at 3 P. M. Friday will see 18 teams from Cudahy here and some Milwaukee fives and from then on the meet will commence to feel some of the effects of the Badger pin knights. The doubles and singles alleys are idle Thursday.

PAST SEASON BROUGHT
HORSES GOLDEN HARVEST

The past season was a golden harvest for runners and harness horses. The rich sum of \$9,500,000 was raced for by the runners with New York and Kentucky tracks putting up the bill. The Grand Circuit and half-mile tracks hung up \$2,000,000 in purses for the boys to shoot at.

The two will start their tour at St. Louis immediately, and then play through the large middlewestern cities into the east.

Edouard Horemans has challenged Hoppe, and that contest probably will be played within 60 days at New York after Hoppe and Schaefer return from a tour which now is being arranged.

Squash Champ

TOM COWARD

Victorious in the recent national handicap squash tournament held at the Yale Club in New York, Tom Coward demonstrated that he is again at the top of his form. In winning the handicap event, Coward scored a triumph over Earl Fink, present holder of the national amateur title. Two years ago Coward was the high ranking squash player in this country. On the form he showed during the recent tournament he is again entitled to that rating.

HOPPE RETAINS 18.2
CROWN IN DULL TILT
WITH JAKE SCHAEFER

Edouard Horemans Of Belgium
Challenges Champ After
Coming Tour

By Associated Press
Chicago—Willie Hoppe of New York, veteran champion at 18.2 balk line billiards, took the last block of a poorly played 1,500 point challenge match from young Jake Schaefer here Wednesday night, 500 to 417, and thereby retained his crown. Young Jake, son of the "discarded of other days," was threatening on the first night when he got 800 to Hoppe's 393, but curbed up Tuesday night when Hoppe brought the score to 1,000 to 739 by not playing quite so poorly as did the challenger.

Wednesday night's block was a repetition of the poor balk line play of the previous night. It took the champion 22 innings to get the necessary 500 points, an average of 22.62, while in one inning less Schaefer was counting 417 for an average of 21.62. Hoppe's average for the 1,500 points was 27.42-54 and that of Schaefer 22.8-54. Hoppe had a high run of 182 and young Jake, 170.

Edouard Horemans has challenged Hoppe, and that contest probably will be played within 60 days at New York after Hoppe and Schaefer return from a tour which now is being arranged.

The words "over 17 years of experience" must be incorporated in every advertisement soliciting the employment of boys and girls. A new Statute approved June 10, 1921, chapter 340, laws of 1921, creating section 1729, forbids advertising during the school term for the labor or services of any boy or girl of permit age.

CARD OF THANKS

We wish to express our sincere thanks to all our relatives, friends, neighbors and Reverend Father for the kindness and sympathy shown during our recent bereavement. The death of our dear, beloved father. Also for the many floral and spiritual offerings.

The Otto Children.
